#### **2001 Progress Report**

Our housing authority is providing eligible persons an equal opportunity for decent, safe and affordable housing.

1. We applied for additional housing vouchers twice in 2000. We did not receive the requested vouchers on the first application, but received notification on June 27, 2001, that we will receive 25 additional vouchers on the second application. We also were asked by HUD, and agreed to assume 102 vouchers for a Section 8 project based apartment complex, whose owners are doing a pre-pay and opt-out.
2. There have been meetings with our local landlord's association and resident council in order to determine how to improve our customer service. Out reach has been done by meeting with our county Department of Mental Retardation and Developmental Disabilities, as well as meeting with a new housing coalition in Holmes County. This is a county we extend into due to their lack of a housing authority.
3. We have received some training on the homeownership program, and will be studying it more in the near future.

4. We have a very small resident council, but have one member has contacted agencies in her community concerning our program, and how it could help other eligible families.
5. Our SEMAP score for the fiscal year ending 9/30/00 earned us a high performer designation.

**ii. Executive Summary of the Annual PHA Plan**

[24 CFR Part 903.7 9 (r)]

Provide a brief overview of the information in the Annual Plan, including highlights of major initiatives and discretionary policies the PHA has included in the Annual Plan.

The annual plan of the Knox Metropolitan Housing Authority, is based on the belief that accomplishing our goals and objectives will lead to the fulfillment of our mission of providing an equal opportunity for all eligible persons to have access to decent, safe and affordable housing. Taken as a whole our goals and objectives illustrate both the potentials of our program and its limits. For a small agency such as ours staffing and budget considerations are always a major concern. It is important to understand that our housing authority administers only Section 8 rental assistance. We are independent of the various subsidized housing complexes found in the area. Families choose whether to live in such complexes or use our housing program, which provides access to housing in privately owned units. It is important for the public and our customers to understand that the Section 8 rental assistance program, by regulation, is not an emergency housing program. Funds available to us are limited and available to persons on the waiting list only when openings in the on-going program occur.

The fact that we do not own housing for our families to reside in points to the importance to us of the community in which we operate. Our housing authority and the families we serve, rely on the cooperation and understanding of private landlords to make our program a success. When looking at any decision to attempt to access additional funds for the program, we must always be aware of the local rental market. Continuous outreach activities are important to maintaining our current landlord base, as well as encouraging new property owner participation.

A few highlights of discretionary policies that are implemented with this plan are outlined below:

- Applicants are selected from the waiting list first according to veteran status, as required by law, and then by date and time of application.
- In order to help families achieve a measure of self-sufficiency, we have elected to verify and use only increased income that results from changes in household composition. This allows families whose income increases for other reasons, the benefit of that additional income until the recertification process. This program is applicable to families with a reported income.
- We have chosen to implement a “minimum rent” policy of \$0 so as to impact families as little as necessary.

- Now that a homeownership voucher program is available, we will be considering whether this program would allow us to better serve families as their income, needs and opportunities change.
